# WORK EXPERIENCE

### 2021 - PRESENT

## Portão 3 (YC S21)

**Full stack developer (Node.js, React, GCP)**

I was the only hired developer. I managed and created new functionalities for the web app and mobile app used by +300 companies. Worked with: CI/CD, Mailgun, Sendgrid, Zendesk, Retool, Figma, Hubspot, Webflow, Github Actions, Typescript. Started as an intern, became a junior and then a analyst in a year.

### PRIOR TO 2021

## Freelance jobs

I worked as a full stack developer and designer for a while. I have a few of my jobs on my website.
